A Great Educational Opportunity!

2015 Upholstery Frame Workshop

Thursday,
November 12th, 2015
Community Room @
Conover Station

Downtown Conover,
North Carolina

No Charge to Attend!

Sponsored by:

Wood Products Extension

**Catawba Valley
Community College**

*This is a unique event for the upholstery
furniture industry in the markets of institutional,
hospitality, household and contract.. In 2014
we had attendees from Oregon and Canada !*

Upholstery Frame Workshop—Thurs, Nov. 12th, 2015-Conover, NC

Who Can Benefit From Attending the Upholstery Frame Workshop?

- * Frame manufacturers
- * Frame designers
- * Frame engineers
- * Upholstery mfg. managers
- * Frame shop managers/employees
- * Vendors of materials, equipment, software and supplies

Minor species eastern hardwoods species like sweet gum and wormy red maple work well for upholstery frames as they are soft hardwoods that accept staples and screws without splitting. These species are also preferred for hardwood plywood for upholstery frames.

2015 Frame Workshop Topics

Latest updates on-

- CNC equipment
- Reports from material vendors-lumber, plywood, OSB
- New topics in design software
- Growing labor productivity
- Improving material yields
- Lowering manufacturing costs
- CNC tooling
- Testing of frames
- Integrated upholstery piece design that ties together 3-D modeling to frames + foam + fabric
- Vendor info tables available

Looking for Meal and Break Sponsors

We are looking for frame manufacturers, upholstery manufacturers, material vendors, supplies vendor and anyone else who would like to help cover the cost of providing meals and refreshments, please contact Harry Watt. This event is a great

Join in the day-long discussions on a variety of frame issues relating on being on the cutting edge of frame making

Upholstery frame workshops are well attended with the emphasis on education and networking-we expect 100 to attend

Sponsored by:

Catawba Valley Community College

This one day workshop offers upholstery industry professionals the opportunity to gain educational information and to network with fellow frame designers, engineers and manufacturers.

Most frame makers and upholstery manufacturers have improved their making of frames so much that many companies have reduced inventory and cut manufacturing times for frames while reducing lot sizes.

There is no charge to attend this educational and networking event for the upholstery furniture industry.
