The Workshop

The focus of this workshop is how you can make money in the firewood business. It is a two-day educational and networking event that provides the firewood processing industry the latest knowledge on processing, kiln drying, and marketing of firewood.
Attendees

- Firewood producers
- Firewood buyers
- Firewood equipment makers
- Foresters and arborists
- Landowners and loggers
- Extension agents
- Wood stove manufacturers

Educational credit hours for foresters and arborists will be provided.

Key Topics

- Selling and marketing
- Finding buyers
- Purchasing requirements by wholesale brokers and chain store buyers
- Managing a firewood processing business
- Sourcing affordable logs
- Equipment for sawing and splitting
- Heating options for kilns
- Firewood quarantines
- Dry kiln equipment and methods
- Selling green and kiln dried split wood
- Firewood associations
- Urban logs as sources of firewood logs
